Highly motivated web developer with a keen focus on front-end development, I have a proven track record of successfully creating responsive web applications. My extensive knowledge of HTML, CSS, ReactJS, and JavaScript, combined with my passion for developing innovative user interfaces, enables me to deliver exceptional user experiences that meet the needs of businesses and their users.

In addition, I have a detailed understanding of project management methodologies such as Agile and Waterfall, and I hold a Scrum certification (PSM I). I am proficient in using project management tools such as Jira and MS Project to effectively manage projects from start to finish.

Overall, I am a driven and skilled developer who is committed to creating exceptional web applications with a focus on front-end development, while utilizing my project management skills to ensure successful project delivery.

SOFT SKILLS

- Effective communication
- Teamwork
- Collaboration
- Problem-solving
- Attention to detail.
- Adaptability
- Continuous learning

TECH SKILLS

- JavaScript
- HTML5
- CSS3

- Tailwind CSS
- Material UI
- Bootstrap
- SASS
- React
- Context API
- Redux
- Version Control System (Git, GitHub)
- Restful API
- SQL
- Unit Testing
- Test Driven Development
- User Experience Design

WEB DEVELOPMENT WORK EXPERIENCE

Frontend Developer (Remote/Part time)
Unideals – Dubai, UAE
November 2022 – April 2023

- Designed and developed responsive user interfaces for using HTML, CSS, Tailwind CSS, JavaScript and React
- Worked closely with the product team to translate wireframes and prototypes into responsive and appealing functional features.
- Implementing responsive designs and ensuring cross-platform compatibility across different devices.
- Developing frontend codes based on industry best practices to ensure code maintainability and scalability.
- Worked with product manager to groom tickets.
- Worked on product tickets to push out features.
- Conducting code review with other developers to resolve technical issues and improve code quality.
- Optimising website performance and speed by minimising page load times and reducing assets size.
- Writing automated tests using frameworks such as Jest to ensure robust and bug-free frontend code.
- Staying up to date with latest trends in frontend development, techniques and technologies and incorporate them when appropriate.

Web Developer (Freelance)

October 2019 – Present

- Collaborating with clients to determine project requirements and objectives.
- Building custom website designs and themes using CMS platforms such as WordPress and Wix.
- Developing websites that are responsive, mobile-friendly, and optimized for search engines.
- Implementing web designs using frontend technologies such as HTML, CSS, JavaScript, and ReactJS.
- Writing clean, efficient, and well-documented code that meets industry standards and best practices.
- Integrating third-party tools and plugins to enhance website functionality.
- Managing website content, including adding, editing, and deleting pages and posts.
- Providing website maintenance and support, including troubleshooting technical issues, and addressing user concerns.
- Conducting quality assurance testing to ensure website performance and functionality.
- Collaborating with other team members, including designers, developers, and project managers, to ensure successful project outcomes.

PROJECT MANAGEMENT WORK EXPERIENCE

Project Manager and Scrum Master

APEK Group - Atlanta, GA

February 2020 to August 2020

- Established and monitored project deliverables to ensure that they were achieved within the set timelines and budgets.
- Maintained a high level of service delivery to clients, fostering long-term business relationships and identifying future opportunities.
- Accurately estimated project costs, timelines, and resource requirements to deliver cost effective IT projects.
- Proactively identified and managed project risks, dependencies, and constraints, ensuring timely resolutions and minimizing project impact.
- Provided effective leadership to project teams, promoting motivation, collaboration, and continuous professional development.

- Managed and motivated project teams to stay on-task and productive, ensuring that project objectives were met.
- Gathered project requirements, defined scopes, allocated resources, and established schedules that met or exceeded project demands.
- Worked closely with the delivery lead, UX/UI designer, developer, and other stakeholders to ensure that project requirements were met.

Project Planner (Oracle Primavera P6 and MS Project)
Ciel Consulting - Lagos
June 2017 to December 2019

- Overseeing project schedules to ensure that key milestones were met at every phase of the project.
- Providing training and mentorship to junior team members, leveraging my previous experiences to optimize project approaches.
- Defining project deliverables and monitoring the status of tasks to ensure successful project completion.
- Generating project status reports to facilitate business operations and support corrective actions.
- Serving as the primary point of contact for project scheduling and managing changes to project plans.
- Developing action plans and leading meetings with department executives to review project status and propose changes as needed.

EDUCATION

2020 to 2023
Birmingham City University
Bachelors in computer science

Final Year Project (KURA -AI Chatbot for 2022 FIFA World Cup):
Developing a cutting-edge Artificial Intelligence Chatbot to improve fans' services for 2022 FIFA World Cup using a variety of data mining and machine learning techniques which is parsed via Natural Language Processing (NLP). The Chatbot will handle queries and interact with fans on a personal level. Currently developing the bot with Rasa utilising the DIET Classifier machine learning algorithm for entity recognition and intent classification.

2017 to 2019

Higher National Diploma in Computer Science

Yaba College of Technology, Yaba, Lagos, Nigeria

2014 to 2016

National Diploma in Computer Science

Auchi Polytechnic, Auchi - Auchi, Edo State, Nigeria
